RIO YACHTS

Espera 34

Custom Edition

Talijanski proizvođač jahti Rio Yachts za sezonu 2018. odlučio je proširiti ponudu s verzijom Custom Edition svog dobro poznatog i odlično prihvaćenog modela Espera 34. Kupci će tako moći sami birati boje i materijale kojima će urediti i opremiti vanjštinu i unutrašnjost, čime će Espera 34 postati jedan od rijetkih dnevnih cruisera s takvom izvedbom. Vlasnik prvog primjerka odlučio je da trup broda bude u sivoj boji s tikovinom Esthec dok je unutrašnjost u potpunosti bijela s klasičnom tikovinom. Osim novosti u uređenju, Custom Edition moći će se opremiti i s jačim motorima - dva Mercruiser 6.2 BIII motora od po 300 konjskih snaga, koji mu omogućuju maksimalnu brzinu od 46 čvorova.

Italian yacht builder Rio Yachts is adding another version of their beloved model Espera 34. The latest model is 9,99 meters long, and can be furnished and decorated according to individual tastes. One of the very few day cruisers of this size with customizing options for interior and exterior design, Espera 34 Custom Edition has already proven popular: the first unit has already been sold, and her owner has opted for a gray hull, Esthec teak deck and white interiors with natural teak flooring. In addition to standard engines, Espera 34 Custom Edition can also be powered by 2 x Mercruiser 6.2 BIII 300-HP engines, allowing maximum speed of 46 knots.
